What you can expect:

- Overall commercial responsibility
- Sales and marketing responsibility
- Implementation of growth initiatives
- Customer-oriented innovations
- Forecasting and budget planning
- Pricing
- Further development of global sales structures
- Continuous market observation and market reporting
- Attractive salary package
- Work from the home office

What is required:

- Degree in agricultural science or engineering
- At least 10 years of sales management experience in farm machinery
- International network
- Strong communication and presentation skills
- Strong strategic competence
- Experience in change management
- Strong implementation skills
- Excellent German / English skills
- Willingness to travel internationally
